LIBRARY ORIENTATION PROGRAMME

Report on Library Orientation Programme

A library orientation programme is being conducted at Government College Kasaragod every year to introduce students to the resources, services, and facilities available in our college library. The aim of this programme was to familiarize students with the library's offerings and encourage them to utilize this valuable academic resource effectively.

Introduction to Library Resources: A comprehensive presentation is being given, highlighting the wide range of resources available in the library. This includes an overview of our extensive collection of books, journals, e-resources, and reference materials.

Library Services: Students are being informed about the various services provided by the library, such as borrowing, renewing, and reserving books, accessing e-books and journals, interlibrary loan services, and more.

Library Facilities: The participants are being introduced to the library's facilities, including study areas, computer labs and the quiet reading zones.

Library Rules and Policies: Students were briefed about the library's rules and policies, including borrowing periods, fines, and etiquette within the library.

Q&A Session: A question and answer session will be conducted to address any queries or concerns that students had about the library and its services.

In conclusion, the annual Library Orientation Programme continues to be a valuable tradition at our institution. It equips both new and returning students with the knowledge and skills needed to make the most of our college library. We anticipate that this recurring initiative will continue to foster greater engagement with library resources, enriching the overall academic journey of our students.
