**1. About the Learner Support Centre, Govt. College Kasaragod**

*Learner Support Centre* (L.S.C hereafter) of *Sreenarayana Guru Open University*, Kollam (SGOU hereafter) has been started functioning at Govt. College Kasaragod with effect from 17-09-2022; with the signing of an MoU with Sreenarayana Guru Open University Kollam. Though started off with 5 UG programmes and 2 PG programmes in languages, currently the Centre offers around 12 UG programmes and 10 PG programmes in the streams of languages, humanities and social science and management. The strength of the students was around 200 in the first stage and another 148 were added with the commencement of four UG and PG courses in the social science and humanities stream and around 728 students have been added third stage; cumulating to around 1076 students considering all the batches together.

The center offers higher education opportunities to the prospective learners in the district, which is socially economically backward. Major beneficiaries of the programmes offered are found to be those who lost their due chance of getting into an undergraduate or post graduate programme

in the past owing to social, economic and structural reasons. The utility of the Learner Support Centre at Kasaragod becomes higher when those who could not get admission in the regular stream in various arts and science colleges in the district could also make use of the various programmes available with LSC Kasaragod of SGOU. The classes are normally conducted in the Sundays and public holidays strictly adhering to the time table circulated by the university. Faculties are engaged after an induction programme by the university in the offline mode. Faculties are mobilized from the internal as well as external sources, with majority being the permanent and guest faculties in various departments of Govt. College Kasaragod.
