## To Whom It May Concern

I, Dr. A. L. Ananthapadmanabha, in my capacity as the Principal of Government College Kasaragod, a government-funded college, hereby provides this certification regarding the expenditure on salaries for the years 2018 to 2022. I confirm that the financial records accurately represent the expenditure on salaries during this period.

It is important to note that as a government college, the entire salary component for our teaching and non-teaching staff is directly funded and disbursed by the Government of Kerala. This includes all aspects of wages and benefits for our dedicated staff members.

Given this unique arrangement, the audited statements and financial reports of our institution do not reflect the salary expenses. This is because the salary expenditure is entirely covered by government funding and, therefore, does not appear in our institution's financial records.

I provide this certification in accordance with the established financial practices and regulations governing government-funded educational institutions. The data presented is accurate and in compliance with the financial standards applicable to institutions of our nature.

Academic Year	Salary Expenditure
2022-23	11,98,95,922
2021-22	16,91,38,249
2020-21	9,84,51,075
2019-20	11,50,77,443
2018-19	12,55,51,843
